A FAMILY-RUN FACTORY

For three generations, Ryvex Sports has manufactured sports apparel from our own facility on Daska Road, Sialkot, Pakistan. What began twenty years ago as a family workshop is now a full-scale production facility, run today by the third generation of the family that founded it.

We build apparel for every major sport played in the United States, engineered to a true American fit, and supply sublimated garment brands, screen print companies, and sports apparel suppliers who need a manufacturing partner they can rely on — not just a one-time vendor.

OUR FABRIC STORE — SIALKOT, PAKISTAN

IN-HOUSE, START TO FINISH

Every step of production happens under our own roof — from fabric knitting to final packing — giving us direct control over quality, cost, and timeline on every order we take.

WHO WE SERVE

Sublimated garment brands, screen print companies, and sports apparel suppliers who need a dependable production partner — from single sample runs to ongoing bulk orders.

INSIDE THE FACTORY

1

FABRIC KNITTING & STORE

Performance knit fabric produced and stocked in-house, by weight and stretch per sport.

2

CUTTING DEPARTMENT

Patterns cut to spec for accurate, consistent sizing across every run.

3

SUBLIMATION PRINTING

Full-colour designs printed and pressed before the garment is assembled.

4

STITCHING AREA

Garments assembled by skilled machinists to each product line's construction standard.

5

QUALITY INSPECTION

Every order checked in-house before it leaves the factory floor.

6

PACKING & DISPATCH

Final packing and dispatch, handled by a dedicated team for fast turnaround.

No outsourcing at any stage — full control over every order, from a single sample to a full production run.

SPORTS WE COVER

Every garment is cut, printed, and stitched in our own factory — customised to your colours, patterns, and branding, in any quantity.

Fabric Knitting

Performance knit fabric produced on-site to match each sport's requirements.

DESIGN CUSTOMIZATION

- Pattern, cut, and construction built to your specification
- Sleeve, collar, and fit options by sport
- Sizing engineered to a true American fit
- Team, brand, and sponsor placement
- Individual player names and numbers

FABRIC SELECTION

Performance-grade knit fabrics selected by sport — chosen for the stretch, breathability, and durability each game demands.

HOW IT WORKS

Every order is checked in-house at each stage of production — from fabric through to finished garment — before it leaves our factory floor.

Because production stays entirely under our own roof, the standard holds whether you are ordering a single sample or a full bulk run.
